Subject: SB16.

Good morning.

I was reading this bill and it greatly affect my rights. I came from a country where safety for its citizens it's at the bottom of the list. This amazing country gave me so many opportunities and adopted me like if I was born here. I will never be as great full and blessed to live here.

But now with the stroke of a pen I'll become a delinquent, a criminal just to exercise the rights of this country. SB16 cannot become a law. Not making law abiding citizens like me in to criminals.

I have been a registered nurse for 7 years and ever patient I have taken care of from a gunshot wound have been infringed by someone who cannot possess a fire arm (not legally owned, with an extensive criminal background or under age). We have enough gun laws. Criminals will never obey any laws. It just affect the law abiding citizen.

I want my voice to be heard. I don't want to become a criminal over a law that will not change anything.

Thanks for your time and feel free to contact me.
